

N SQUARED PERFORMANCE BECOME A SPONSOR

Put your business in front of local families — and behind local athletes.

N² Performance is a youth and adult athletic training program serving the Northern Panhandle — speed, agility, and injury-prevention training led by a 20-year coach and former WVU strength and conditioning staff member, alongside a John Marshall graduate and professional football champion. Our injury-prevention program is supported by a board-certified orthopedic sports medicine surgeon. Sessions run Tuesday and Thursday evenings for athletes ages 8 through adult.

WHY SPONSOR N²

- // Direct reach to local families — the parents who buy local, every week, all year.
- // Your logo on training shirts worn at fields, gyms, and team sessions across the Valley.
- // Social media and website exposure to a growing local athletic audience.
- // Real community impact: safer, healthier, better-prepared young athletes.
